

SIGNERS of [“To the Museums of Science and Natural History” – An Open Response](#)

The affiliations are for purposes of identification only. All names on this list have been solicited in good faith and are believed to be legitimate.

TO ADD YOUR NAME

We welcome additional signers, both US and non-US citizens, who are informed about CO₂ and climate. If you would like to add your name, please send a note to

climatesigners@gmail.com

Include your name and a short affiliation, analogous to that of other signers. Also include a brief paragraph to show that you are familiar with the facts of climate and CO₂, either as a scientist, a meteorologist, an engineer, or an informed person with another occupation. We will review this paragraph and add your name to the list if we judge that you base your opinions on knowledge. Neither information from this paragraph, nor your e-mail address, will be made public.
